Priest Lake Islands Camping Sites

Pack it in - Pack it out

Priest Lake's Kalispell, Bartoo and Fourmile Islands, are operated under the "pack it in - pack it out" policy. This means that trash cans are not provided and that campers are required to bring their own trash bags out when they leave the campsite. Trash can be deposited in the dumpster at Kalispell Boat Launch.

Please be a good outdoor neighbor and leave your campsite as clean as or cleaner than you found it.

SCAT machine at Kalispell Boat Launch

A plan has been established for dealing with the increasing amount of human waste being deposited on the shores and in the waters of Priest Lake.

The SCAT machine - a method of dealing with human waste - was installed at the Kalispell Public Boat Launch. Use of it is **FREE**.

Users place portable toilets, including commercial models and 5 gallon buckets, into the SCAT machine, which empties, cleans and sanitizes the containers. The process takes about two minutes.

The Kalispell Boat Launch is located on the west side of Priest Lake.
